Kansas
Department of Health
and Environment

Statutes & Administrative Rules

- Reporting to KSWebIZ is only mandated for pharmacies, per 65-1635a

- Per KDHE administrative rule, it is required that consent to share data with KSWebIZ be captured for each patient whose data is being shared

- If the data comes from the Health Information Exchange, consent to share data is not required, per 65-6825

Our Mission: To protect and improve the health and environment of all Kansans.
