

Improved Systems Performance Team

Friday, February 22, 2019

Sarah Good, Team Lead; Susan Runyan, Facilitator

1. Welcome and Introductions
2. Review Sept & Nov 2018 Recommendations, resolve any remaining discrepancies
See table handout with additional detail.
3. Adolescent Vaccine Toolkit
Note: Folder bundles utilized last year functioned, in practice, as an adolescent vaccine toolkit. Other suggestions for specific changes?
4. Establish Influenza Vaccination Goal
Healthy People 2020 Annual/Seasonal Influenza Targets
 - Noninstitutionalized adults 18 and older: 70%
 - Institutionalized adults 18 and older: 90%
 - Healthcare personnel: 90%
 - Pregnant women: 80%
 - Children 6 months to 17 years: 70%
5. Adult Vaccines: Recommendations on Next Steps
Note: This team has touched on this issue and may continue to move it forward, or table and defer to adult vaccine special committee (not yet convened, though we do have a list of volunteers)
 - a. Goals?
 - b. Toolkit vs Updating Adult Vaccine page?
6. “Silver Syringe” Award: Consider award for clinics, health systems, schools, employers, etc. tied to meeting immunization goals or targets
7. School-Based Vaccination Toolkit
8. Other Business
9. Meeting Report Out to Full Coalition
