

## Improved System Performance Team

Sarah Good, Team Chair  
Friday, February 12, 2021

### 1. Welcome and Introductions

### 2. Recap from last meeting

- Set IKC Flu 2020-21 goals: 70% for children (6 mo-17 yrs); 60% for adults (18+ yrs)
- Extended MenACWY vaccination goal to maintain at or above 80% through 2021

### 3. COVID-19 Vaccination Emerging Issues (Hesitancy)

- Hesitancy among Healthcare Providers (<https://www.wibw.com/2021/01/13/coffey-county-health-department-nurses-decline-to-give-the-covid-vaccine/>)
- Hesitancy among other populations  
<https://www.cjonline.com/story/news/coronavirus/2021/02/05/covid-19-vaccine-county-corrections-employees-turn-down/4308879001/>
- Hesitancy/Incentivization among Essential Workers ([https://www.reuters.com/article/us-health-coronavirus-kroger/kroger-to-pay-100-to-workers-who-get-covid-19-vaccination-idUSKBN2A52SJ?utm\\_source=morning\\_brew](https://www.reuters.com/article/us-health-coronavirus-kroger/kroger-to-pay-100-to-workers-who-get-covid-19-vaccination-idUSKBN2A52SJ?utm_source=morning_brew))

**Question:** Is there an opportunity for the Improved Systems team with regard to COVID Vaccination?

### 4. HP2030 Vaccination Objectives (if time allows)

<https://health.gov/healthypeople/objectives-and-data/browse-objectives/vaccination>
